

FAQs

About Working for Bridger Steel

Our History

Founded in 1996, Bridger Steel manufactures the highest quality architecturally appealing metal roofing and siding products in the market. Our team works with builders, architects, homeowners and ranchers on commercial, residential, agricultural and interior projects!

Work Environment

Fast-paced manufacturing/production environment. Opportunities could include working in a variety of climates and conditions! Pre-employment drug screen required as well as random drug testing.

Job Applications

1. How do I find out what positions are available?

Careers Page – open positions are listed with job description and job qualifications.

2. How do I apply for an open position?

Careers Page – Click on the Link to the Job Title and the Location you desire!

3. Can I apply for multiple positions?

Yes! We encourage you to apply for any position that you are interested in and meet the minimum qualifications noted.

4. How will I be notified that my application was received?

You will receive an email notification your application has been received. Please be sure and check your Junk Folder in case it is filtered.

5. Do you offer opportunity for growth?

Yes, we encourage our employees to grow within our company. Available positions are posted internally and externally for review. An employee must be in their current position for six months unless a shorter or longer duration is identified at the discretion of management.
